

MOVING CURRENT dance collective

promoting the art of dance since 1997

ABOUT THE CONCERT

Moving Current Dance Collective is back on stage with dances choreographed by Caleb Baker, Samantha Cressman, Cindy Hennessy, Dakota Kuharich, Connie Procopio, and Amanda Sieradzki. Also featuring a new dance film by Devin Rice and Cindy Hennessy.

Congratulations to this year's CHOREOworkspace dance artists, Caleb Baker, Samantha Cressman, and Dakota Kuharich. CHOREOworkspace is an opportunity for dance artists to collaborate, incubate, discuss & present new work, sponsored by Hillsborough Community College Dance and Moving Current.

TIPS ON HOW TO FIND STAGEWORKS <https://stageworkstheatre.org/plan-your-visit/>

- **1120 E Kennedy Blvd, Tampa, FL 33602** in the Channelside District, east of Downtown
- Look for our sign! Outside our building we have an awesome new illuminated sign!
- Make sure you enter the parking garage on the left of the courtyard (West building)
- After parking, use the elevator/stairs in the center of the garage. Avoid the elevator built into the side, this goes to the residential area. You'll see our sign once again on the outside of the correct elevator!
- Go to the first floor, then our door is to your left

If all else fails, give us a call and we can assist. (813)374-2416

Stageworks COVID19 Procedures and Practices

Our goal is to keep you safe. So we've put in place policies to make sure we can offer you the best and safest experience when you join us here at the theater. We hope you'll assist in making this easy and comfortable for everyone.

- Face coverings are not required for fully vaccinated individuals. Face-coverings are recommended for unvaccinated individuals. Moving Current staff and performers will wear masks.
- Temperature checks at the doors
- Digital pre-show check-ins to assess individual health and confirm well-being
- Hand sanitizer available
- Sinks blocked off and bathroom lines limited
- Regular sanitation of the theater and high touch areas

(Mitigation guidance may change based on the evolving understanding of the virus)
